Terry C. Tracy

Caracole's mission is to provide housing and supportive services to individuals and families living with HIV/AIDS. Caracole provides case management, education, referrals and mental health and substance abuse counseling to homeless, HIV+ individuals residing in our transitional and our permanent housing programs. We have enjoyed a working, effective relationship with Bonneville International.

Caracole, Inc. has been featured on Q102's public affairs show, *Sunday Morning Magazine*. We have had the opportunity to educate the listening audience about HIV/AIDS. As a result of our relationship with Bonneville, Caracole has also had opportunities to discuss volunteer opportunities and collaborate on fundraising events.

Bonneville's broadcast programming and their commitment to enhancing the understanding of the people of the Greater Cincinnati Area about HIV/AIDS has been and will continue to be a gift to our community. As a result of our work together, in 2007 alone, Caracole was able to educate listeners about HIV/AIDS prevention and services, identified ways in which the employees of Q102 and the community could volunteer and/or donate financially. Additionally, we, along with our sister organization STOP AIDS, received media attention and support via the *Stars form Vegas* show at the Syndicate and a silent auction.

We look forward to many more opportunities to educate our community about those living with HIV/AIDS. Bonneville International-Cincinnati (WKRC, WUBE, WYGY and WSWD) has been effective in serving Caracole's needs as well as those of the community at-large. We see no need for additional rules or reporting requirements that insert federal oversight of the process of broadcasters serving the community. Please do not hesitate to contact me should you have any questions or need additional clarification.

Sincerely,

Midge Hines, LISW
